Therefore, provided the Company acts in good faith, you accept that the Company is providing ZTN without being able to provide any warranties in relation to ZTN, including, but not limited to, title, merchantability or fitness for a particular purpose;

you accept that you bear sole responsibility for determining if (i) the acquisition, the allocation, use or ownership of ZTN (ii) the potential appreciation or depreciation in the value of ZTN over time, if any, (iii) the sale and purchase of ZTN; and/or (iv) any other action or transaction related to ZTN has tax implications.

2. Overview of ZTN sale

ZTN is required for proper operation and comprehensive utilization of Zetynet (as defined in the white paper (the “White Paper”) provided at <https://www.zetynet.io> (the “Website”) as of the date the Purchaser acquires ZTN token). After the ZTN sale, each ZTN is backed by the purchase of the underlying assets, as described in the White Paper. To the extent they do not contradict these Terms, the rights connected to ZTN are subject to the limitations set out in the White Paper, but this should in no case create obligations for the Company in addition to the ones contained in these Terms. The Company reserves the right to circumvent the algorithm used to select the underlying assets if it believes, in its sole discretion, that such selected underlying assets could adversely affect the Company or ZTN from a regulatory or legal perspective. The Company shall have the right to sell any such underlying assets (if already part of ZTN portfolio) and block their acquisition.

The maximum total amount of ZTNs to be issued is 5,000,000,000 (roughly equivalent to US\$2,500,000,000). ZTNs are generated as Purchasers buy them and the total supply of ZTNs will be fixed after the end of the ZTN sale. No more ZTNs will be issued after the end of the ZTN sale, as described in the preceding paragraph. Ownership of ZTN during the ZTN token sale carries no rights express or implied. Purchases of ZTN are non-refundable.

The anticipated distribution of the ZTN tokens is as follows:

48% Zetynet Team (as defined below);

52% ICO Participants;

3. ZTN Price

Purchasers in the ZTN token sale will be allocated their ZTN tokens in exchange for ETH at the following rate:

US\$ 0.50 per token

The US Dollars to ETH exchange rate is used to dynamically set the ETH to ZTN rate. As a result, for the duration of the ZTN sale, the price to purchase a ZTN will be set as an amount in ETH. Purchaser must have an Ethereum wallet that supports the ERC-20 token standard in order to receive any ZTN purchased from the Company.

4. Timing of ZTN Token Sale

The ZTN sale begins at September 1, 2019 - The ZTN sale will run for 365 calendar days and will end on September 1, 2020 or when the ZTN sale cap is reached. The Company reserves the right to change the sale dates or extend the sale duration for any reason, including the unavailability of the Website or other unforeseen security or procedural issues.

The general public will be able to see the total number of ZTN tokens currently sold, as well as the distribution of all ZTN tokens between the participating Ethereum accounts. In the spirit of openness, the Company will constantly update on the Website the number of tokens sold as well as the share of ZTN tokens allocated to the shareholders of Company. Furthermore, the Ethereum accounts used to store ETH during the ZTN sale duration will publicly available and their balances will also be made available on the Website.

5. After the ZTN Token Sale

The Purchasers should have no expectation of influence over governance of the Company. Upon the conclusion of a successful ZTN sale, the digital assets backing each ZTN token will be transparently purchased.

The Company will provide you with an official and regular audit conducted on the existence of the digital assets backing each ZTN token. Through this audit, you can track and confirm that the digital assets backing your ZTN have been received and acquired. Access to the audit results does not constitute a ZTN purchase receipt or indicate in any way that the party possessing such access has rights to or ownership of the purchased ZTN tokens.

Prior to a Purchaser selling ZTN after the ZTN token sale completion, such Purchaser shall ensure that the buyer of any such ZTN undertakes to comply with all the provisions of these Terms as if such person were a Purchaser in the ZTN token sale.

6. The Company Will Not Purchase ZTN During the ZTN Sale

The Company warrants that neither it nor its shareholders will purchase ZTN during the ZTN sale. Furthermore, the Company warrants that neither it nor its shareholders will purchase ZTN from any third party during the period of the ZTN sale.

7. All purchases of ZTN are final

ALL PURCHASES OF ZTN ARE FINAL. PURCHASES OF ZTN ARE NON-REFUNDABLE. BY PURCHASING ZTN, THE PURCHASER ACKNOWLEDGES THAT NEITHER THE COMPANY NOR ANY OF ITS AFFILIATES, DIRECTORS OR SHAREHOLDERS ARE REQUIRED TO PROVIDE A REFUND FOR ANY REASON. IF THE COMPANY BELIEVES, IN ITS SOLE DISCRETION, THAT ANY INDIVIDUALS OR ENTITIES OWNING ZTN CREATES MATERIAL REGULATORY OR OTHER LEGAL RISKS OR ADVERSE EFFECTS FOR THE COMPANY AND/OR ZTN, THE COMPANY RESERVES THE RIGHT TO: (A) BUY ALL ZTN FROM SUCH ZTN OWNERS AT THE THEN-EXISTING MARKET PRICE AND/OR (B) SELL ALL CRYPTOCURRENCY ASSETS OF THE COMPANY.

8. Taxation of ZTN and Taxation Related to the ICO

The Purchaser bears the sole responsibility to determine if the purchase of ZTN with ETH or the potential appreciation or depreciation in the value of ZTN over time has tax implications for the Purchaser in the Purchaser's home jurisdiction. By purchasing ZTN, and to the extent permitted by law, the Purchaser agrees not to hold any of the Company, its affiliates, shareholders, director, or advisors liable for any tax liability associated with or arising from the purchase of ZTN.

9. Privacy

The Purchasers may be contacted by email by the Company. Such emails will be informational only. The Company will not request any information from Purchasers in an email. See our Privacy Policy available on the Website for additional information

10. Force Majeure

The Zetanet Team is not liable for failure to perform solely caused by:

unavoidable casualty,
delays in delivery of materials,
embargoes,
government orders,
acts of civil or military authorities,
acts by common carriers,
emergency conditions (including weather conditions),
security issues arising from the technology used,

or any similar unforeseen event that renders performance commercially implausible. If an event of force majeure occurs, the party injured by the other's inability to perform may elect to suspend the Terms, in whole or part, for the duration of the force majeure circumstances. The party experiencing the force majeure circumstances shall cooperate with and assist the injured party in all reasonable ways to minimize the impact of force majeure on the injured party.

11. Disclaimer of Warranties

THE PURCHASER EXPRESSLY AGREES THAT THE PURCHASER IS PURCHASING ZTN AT THE PURCHASER'S SOLE RISK AND THAT ZTN IS PROVIDED ON AN "AS IS" BASIS WITHOUT WARRANTIES OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, WARRANTIES OF TITLE OR IMPLIED WARRANTIES, MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE (EXCEPT ONLY TO THE EXTENT PROHIBITED UNDER APPLICABLE LAW WITH ANY LEGALLY REQUIRED WARRANTY PERIOD TO THE SHORTER OF THIRTY DAYS FROM FIRST USE OR THE MINIMUM PERIOD REQUIRED). WITHOUT LIMITING THE FOREGOING, NONE OF THE ZETANET TEAM WARRANTS THAT THE PROCESS FOR PURCHASING ZTN WILL BE UNINTERRUPTED OR ERROR-FREE.

12. Limitations Waiver of Liability

THE PURCHASER ACKNOWLEDGES AND AGREES THAT, TO THE FULLEST EXTENT PERMITTED BY ANY APPLICABLE LAW, THE DISCLAIMERS OF LIABILITY CONTAINED HEREIN APPLY TO ANY AND ALL DAMAGES OR INJURY WHATSOEVER CAUSED BY OR RELATED TO (i) USE OF, OR INABILITY TO USE, ZTN OR (ii) THE ZETANET TEAM UNDER ANY CAUSE OR ACTION WHATSOEVER OF ANY KIND IN ANY JURISDICTION, INCLUDING, WITHOUT LIMITATION, ACTIONS FOR BREACH OF WARRANTY, BREACH OF CONTRACT OR TORT (INCLUDING NEGLIGENCE) AND THAT NONE OF THE ZETANET TEAM SHALL BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, EXEMPLARY OR CONSEQUENTIAL DAMAGES, INCLUDING FOR LOSS OF PROFITS, GOODWILL OR DATA, IN ANY WAY WHATSOEVER ARISING OUT OF THE USE OF, OR INABILITY TO USE, OR PURCHASE OF, OR INABILITY TO PURCHASE, ZTN, OR ARISING OUT OF ANY INTERACTION WITH THE SMART CONTRACT IMPLEMENTED IN RELATION TO ZTN. THE PURCHASER FURTHER SPECIFICALLY ACKNOWLEDGES THAT THE ZETANET TEAM IS NOT LIABLE FOR THE CONDUCT OF THIRD PARTIES, INCLUDING OTHER PURCHASERS OF ZTN, AND THAT THE RISK OF PURCHASING AND USING ZTN RESTS ENTIRELY WITH THE PURCHASER. TO THE EXTENT PERMISSIBLE UNDER APPLICABLE LAWS, UNDER NO CIRCUMSTANCES WILL ANY OF THE ZETANET TEAM BE LIABLE TO ANY PURCHASER FOR MORE THAN THE AMOUNT THE PURCHASER HAVE PAID TO THE COMPANY FOR THE PURCHASE OF ZTN. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OF CERTAIN WARRANTIES OR THE LIMITATION OR EXCLUSION OF LIABILITY FOR CERTAIN TYPES OF DAMAGES. THEREFORE, SOME OF THE ABOVE LIMITATIONS IN THIS SECTION AND ELSEWHERE IN THE TERMS MAY NOT APPLY TO A PURCHASER. IN PARTICULAR, NOTHING IN THESE TERMS SHALL AFFECT THE STATUTORY RIGHTS OF ANY PURCHASER OR EXCLUDE INJURY ARISING FROM ANY WILFUL MISCONDUCT OR FRAUD OF THE ZETANET TEAM.

13. Complete Agreement

These Terms set forth the entire understanding between the Purchaser and the Company with respect to the purchase and sale of ZTN. For facts relating to the sale and purchase, the Purchaser agrees to rely only on the Terms in determining purchase decisions and understands that the Terms govern the sale of ZTN and supersede any public statements about the ZTN token sale made by third parties or by the Zetanet Team or individuals associated with any of the Zetanet Team, past and present and during the ZTN token sale.

14. Severability

The Purchaser and the Company agree that if any portion of these Terms is found illegal or unenforceable, in whole or in part, such provision shall, as to such jurisdiction, be ineffective solely to the extent of such determination of invalidity or unenforceability without affecting the validity or enforceability thereof in any other manner or jurisdiction and without affecting the remaining provisions of the Terms, which shall continue to be in full force and effect.

15. No Waiver

The failure of the Company to require or enforce strict performance by the Purchaser of any provision of these Terms or the Company's failure to exercise any right under these Terms shall not be construed as a waiver or relinquishment of the Company's right to assert or rely upon any such provision or right in that or any other instance. The express waiver by the Company of any provision, condition, or requirement of these Terms shall not constitute a waiver of any future obligation to comply with such provision, condition or requirement. Except as expressly and specifically set forth in these Terms, no representations, statements, consents, waivers, or other acts or omissions by the Zetanet Team shall be deemed a modification of these Terms nor be legally binding.

16. Updates to the Terms

The Company reserves the right, at its sole discretion, to change, modify, add, or remove portions of the Terms at any time during the sale by posting the amended Terms on the Website. Any Purchaser will be deemed to have accepted such changes by purchasing ZTN. The Terms may not be otherwise amended except by express consent of both the Purchaser and the Company.

17. Cooperation with Legal Authorities

The Company will cooperate with all law enforcement enquiries, subpoenas, or requests provided they are fully supported and documented by the law in the relevant jurisdictions.

18. Indemnification

To the fullest extent permitted by applicable law, you will indemnify, defend and hold harmless the Zetanet Team from and against all claims, demands, actions, damages, losses, costs and expenses (including attorneys' fees) that arise from or relate to: (i) your purchase or use of ZTN; (ii) your responsibilities or obligations under these Terms; (iii) your violation of these Terms; or (iv) your violation of any rights of any other person or entity.

The Company reserves the right to exercise sole control over the defense, at your expense, of any claim subject to indemnification under this Section 18. This indemnity is in addition to, and not in lieu of, any other indemnities set forth in a written agreement between you and the Company.

19. Security

You are responsible for implementing reasonable measures for securing the wallet, vault or other storage mechanism you use to receive and hold ZTN purchased from the Company, including any requisite private key(s) or other credentials necessary to access such storage mechanism(s). If your

private key(s) or other access credentials are lost, you may lose access to your Tokens. The Company is not responsible for any losses, costs or expenses relating to lost access credentials.

20. Language

Currently, only English versions of any Zet Janet's communications is considered official. The English version shall prevail in case of differences in translation.

21. Governing Law

The Terms, the arbitration clause contained in them, and all non-contractual obligations arising in any way whatsoever out of or in connection with these Terms are governed by, construed, and take effect in accordance with English law.

22. Arbitration

Any dispute or difference arising out of or in connection with these Terms or the legal relationships established by these Terms, including any question regarding its existence, validity or termination ("Dispute"), shall be referred to and finally resolved by arbitration under the LCIA Rules which will be deemed to be incorporated by reference into this clause, save for any waiver of any rights the parties would otherwise have to any form of appeal or recourse to a court of law or other judicial authority, which rights are expressly reserved. The number of arbitrators shall be three. The seat of the arbitration shall be London. The language of the arbitration shall be English.

A dispute arising out of or related to these Terms is personal to you and the Company and will be resolved solely through individual arbitration and will not be brought as a class arbitration, class action or any other type of representative proceeding. There will be no class arbitration or arbitration in which an individual attempts to resolve a Dispute as a representative of another individual or group of individuals. Further, a Dispute cannot be brought as a class or other type of representative action, whether within or outside of arbitration, or on behalf of any other individual or group of individuals.

ANNEX A

ZTN Risks

By purchasing, owning, and using ZTN, you expressly acknowledge and assume the following risks:

1. Risk of Losing Access to ZTN Due to Loss of Private Key(s), Custodial Error or Purchaser Error.

A private key, or a combination of private keys, is necessary to control and dispose of ZTN stored in your digital wallet or vault. Accordingly, loss of requisite private key(s) associated with your digital wallet or vault storing ZTN will result in loss of such ZTN. Moreover, any third party that gains access to such private key(s), including by gaining access to login credentials of a hosted wallet service you use, may be able to misappropriate your ZTN. Any errors or malfunctions caused by or otherwise related to the digital wallet or vault you choose to receive and store ZTN in, including your own failure to properly maintain or use such digital wallet or vault, may also result in the loss of your ZTN. Additionally, your failure to follow precisely the procedures set forth in for buying and receiving Tokens, including, for instance, if you provide the wrong address for the receiving ZTN, or provides an address that is not ERC-20 compatible, may result in the loss of your Tokens.

2. Risks Associated with the Ethereum Protocol

Because ZTN and the Zet Janet platform are based on the Ethereum protocol, any malfunction, breakdown or abandonment of the Ethereum protocol may have a material adverse effect on the platform or ZTN. Moreover, advances in cryptography, or technical advances such as the development of quantum computing, could present risks to the ZTN and the platform, including the utility of the ZTN for obtaining services, by rendering ineffective the cryptographic consensus mechanism that underpins the Ethereum protocol.

3. Risk of Mining Attacks

As with other decentralized cryptographic tokens based on the Ethereum protocol, ZTN are susceptible to attacks by miners in the course of validating ZTN transactions on the Ethereum

blockchain, including, but not limited to, double-spend attacks, majority mining power attacks, and selfish-mining attacks. Any successful attacks present a risk to the platform and ZTN, including, but not limited to, accurate execution and recording of transactions involving ZTN.

4. Risk of Hacking and Security Weaknesses

Hackers or other malicious groups or organizations may attempt to interfere with the platform or ZTN in a variety of ways, including, but not limited to, malware attacks, denial of service attacks, consensus-based attacks, Sybil attacks, smurfing, and spoofing. Furthermore, because the platform is based on open-source software, there is a risk that a third party or a member of the Company team may intentionally or unintentionally introduce weaknesses into the core infrastructure of the platform, which could negatively affect the platform and ZTN, including the utility of ZTN for obtaining services.

5. Risks Associated with Markets for ZTN

If secondary trading of Tokens is facilitated by third party exchanges, such exchanges may be relatively new and subject to little or no regulatory oversight, making them more susceptible to fraud or manipulation. Furthermore, to the extent that third-parties do ascribe an external exchange value to ZTN (e.g., as denominated in a digital or fiat currency), such value may be extremely volatile.

6. Risk of Uninsured Losses

Unlike bank accounts or accounts at some other financial institutions, ZTN are uninsured unless you specifically obtain private insurance to insure them. Thus, in the event of loss or loss of utility value, there is no public insurer or private insurance arranged by Company, to offer recourse to you.

7. Risks Associated with Uncertain Regulations and Enforcement Actions

The regulatory status of ZTN and distributed ledger technology is unclear or unsettled in many jurisdictions. It is difficult to predict how or whether regulatory agencies may apply existing regulation with respect to such technology and its applications, including the Zeternet platform and ZTN. It is likewise difficult to predict how or whether legislatures or regulatory agencies may implement changes to law and regulation affecting distributed ledger technology and its applications, including the platform and ZTN. Regulatory actions could negatively impact the platform and ZTN in various ways, including, for purposes of illustration only, through a determination that the purchase, sale and delivery of ZTN constitutes unlawful activity or that ZTN are a regulated instrument that require registration or licensing of those instruments or some or all of the parties involved in the purchase, sale and delivery thereof. The Company may cease operations in a jurisdiction in the event that regulatory actions, or changes to law or regulation, make it illegal to operate in such jurisdiction, or commercially undesirable to obtain the necessary regulatory approval(s) to operate in such jurisdiction.

8. Risks Arising from Taxation

The tax characterization of ZTN is uncertain. You must seek your own tax advice in connection with purchasing ZTN, which may result in adverse tax consequences to you, including withholding taxes, income taxes and tax reporting requirements.

9. Risk of Competing platforms

It is possible that alternative platforms could be established that utilize the same open source code and protocol underlying the platform and attempt to facilitate services that are materially similar to the Zeternet services.

10. Risks Arising from Lack of Governance Rights

Because ZTN confer no governance rights of any kind with respect to the Zeternet platform or the Company, all decisions involving the Company's products or services within the platform or the Company itself will be made by the Company at its sole discretion. These decisions could adversely affect the platform and the utility of any ZTN you own, including their utility for obtaining services.

11. Unanticipated Risks

Cryptographic tokens such as ZTN are a new and untested technology. In addition to the risks included in this Annex A of these Terms, there are other risks associated with your purchase,

possession and use of ZTN, including unanticipated risks. Such risks may further materialize as unanticipated variations or combinations of the risks discussed in this Annex A of these Terms.
